

STAIR-TRAC

PORTABLE WHEELCHAIR LIFT

Powered to carry over 250 lbs. up approximately 30 floors

The Garaventa Stair-Trac is an easy to use, portable wheelchair lift designed to attach under most manual wheelchairs. Stair-Trac's powerful motor allows a small attendant to safely transport a larger passenger up and down stairways. Stair-Trac is suitable for indoor or outdoor use in public buildings and private homes. It is an affordable and reliable portable access solution.

STAIR-TRAC

Features

- Attaches to most standard wheelchairs with push handle (adult/child)
- Powered to carry over 250 lbs. up approximately 30 floors
- Use on virtually any indoor or outdoor stairway
- Stable and self-supporting
- Durable tracks grip stairs securely
- Detachable support handle for compact storage and easy transport
- Quick-release safety belt
- Key switch restricts use to authorized persons
- Rechargeable batteries and charger
- Portable inclined platform lift
- Suitable for indoor and outdoor use
- Accommodates all types of wheelchairs

Benefits

- Economical compared to stairway lifts and elevators
- It is portable so it can be used on various stairways within a building
- Can be used when electrical power fails or is not available
- Easily stores in a secure area when not in use
- Requires minimal maintenance
- Available immediately
- Can be used for building evacuation

Clearances

Wheelchair loading and unloading requires a minimum straight line clearance of approximately 3m/10ft. This diagram shows typical clearances required on turnback stairways. Dimensions vary with stairway width and operator experience. Consult Garaventa or your local representative for clearance verification.

Attach the Stair-Trac to the wheelchair, recline the passenger and move them to the stairway.

Ascend or descend stairs with the press of a button. The passenger sits in a comfortable, upright position.

Stair-Trac will climb virtually any stair tread material.
